WELCOME TO ROTTERDAM!

We kindly invite you to register for the 61st NOF Congress in Rotterdam that will take place from Wednesday June 12th till Friday June 14th 2024.

The Netherlands Orthopaedic Association (NOV) organizes this bi-annual international congress on behalf of the NOF in combination with their NOV Annual Meeting. Preceeding this congress (on Tuesday June 11th) we will host a NOF precourse for orthopaedic residents with exciting lectures and live surgery sessions.

Apart from the scientific topics and inspiring discussions, this congress also is a typical social event, where we meet old friends and make new friends!

We look forward meeting you and we trust you will have an excellent time in Rotterdam!

Taco Gosens
congress president of the NOF Congress 2024

Topics
New technologies: Artificial Intelligence (AI) and 3D printing, robotics, patient journey, arthroplasties, registries, challenges of healthcare systems in the NOF countries, imaging, fast track arthroplasties, congenital and paediatric hand pathologies, failures/incorrect management of orthopaedic injuries.

Participants
Orthopaedic surgeons, orthopaedic residents, physician assistants, specialised nurses, researchers, physiotherapists, and all other health professionals, in particular of the Nordic countries.

Reasons to participate
- An update on orthopaedic knowledge and experiences;
- Addressing important health care issues and societal themes;
- Especially aimed at young orthopaedic surgeons;
- With key note lectures on research, innovation and orthopaedic and trauma topics;
- Combined with orthopaedic and trauma sessions;
- Meeting (old) friends, making new friends and having fun;
- All in a major international hub, melting pot of cultures and a symbol of trade, building bridges, innovation and maritime history: Rotterdam.
Scientific Programme
The congress theme is ‘The Future of Orthopaedics’.
There will be:
- Keynote lectures and abstract sessions
- Resident focused sessions
- Instructional courses combined with live surgery and hands-on-sessions
- Acta Orthopaedica sessions

GENERAL INFORMATION

Location
Rotterdam, the Netherlands, a major international hub, melting pot of cultures and a symbol of trade, building bridges, innovation and maritime history. All sessions are held at the WTC Rotterdam which is located in the city centre of Rotterdam.

The venue is very easily reached by public transport.

By air
You can reach the WTC in Rotterdam from Schiphol Airport by public transport in 26 minutes (or by taxi). There is a direct connection by train. Schiphol Airport is one of Europe’s biggest airports and offers passengers a high standard of service.

By train
WTC Rotterdam is extremely easy to reach by public transport. The Beurs Rotterdam metro stop, for example, is only a one-minute walk from the main entrance to the WTC. There are also several tram stops just outside the front door. And you can easily walk from the Rotterdam central train station to WTC Rotterdam in around 10 minutes’ time.

By car
WTC Rotterdam is located in the heart of the city between Coolsingel, Meent and the Beursplein. Fortunately, we have plenty of parking. In fact, we have no fewer than two car parks. With more than 600 parking spots, there is always an available spot for you.

Programme
The final programme will be available in the early 2024.

Congress Website
All actual information is available on: www.nofcongress2024.org

Call for abstracts
Abstracts can only be submitted online via the abstract submission form. Abstracts sent by post or email will not be accepted. No exception will be made. Deadline 10 January 2024, 11.59 PM (CET).

Accreditation
The European Accreditation Council for Continuing Medical Education is requested to award this congress with 16 CME points.

Exhibition
As usual an industry exhibition is organized. The exhibition will provide an opportunity to show the latest and most spectacular products and present the Future of Orthopaedics.
